Attention is drawn to the fact that the figures for the quarter ended March 31, 2019 as reported in these financial results are the balancing figures between audited figures in respect of full financial year and the published year to date figures up to the end of the third quarter of the financial year. These statements are the responsibility of the company's management and approved by the board of directors. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statements are free of material misstatement(s).

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation and fair presentation of the statements in order to design audit procedures that are appropriate in the circumstances, but not for expressing an opinion on the effectiveness of the Company's internal control. An audit includes assessing the accounting principles used and significant estimates made by the management as well as evaluating the overall presentation of the statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.
